

First aid and CPR training with Bill Lewitt at GOAL!

Emergency First Aid is an invaluable skill. Covering topics from the proper response to someone having a stroke, chest pain, or cardiac arrest up to how to handle unforeseen traumatic injuries, instructors from the Tactical Development Group will guide you through scenarios designed to teach you what to look for and what to do in an emergency.

This is a great opportunity for instructor development! CRSO's, RSO's and the certified firearms instructor will find great value in this course. EMT's and police officers can recertify at this course.

The first block of training will cover CPR and AED use for Infants, Children and Adults. After lunch the basics of trauma management including burns, penetrating injuries and splinting will be covered.

Certification from the American Heart Association will be awarded in First Aid, Infant, Child, and Adult CPR, and AED usage. These cards are a 15 dollar value and are valid for 2 years! Also included will be goodie bag giveaways from Rescue-Essentials.com and door prizes including a CAT Tourniquet and QuickClot gauze!

Date: Saturday September 4, 2010

Time: 9:00AM to 6:00PM

Tuition: \$185 for GOAL members. \$250 for non-members

A pizza lunch is included!

Please call Tara at 508-393-5333 ext 203 to register
